

Federal Emergency Management Agency

Washington, D.C. 20472

March 14, 2019

Mrs. Lydia Gomes
19 Fletcher Street
Whitinsville, MA 01588

IN REPLY REFER TO:
CASE NO: 19-01-0740A
COMMUNITY: TOWN OF NORTHBRIDGE, WORCESTER
COUNTY, MASSACHUSETTS
COMMUNITY NO: 250322
216-AD

RE: WHITIN MACHINE WORKS, SECTION A, LOT 68 -- 476-478 MAIN STREET

Dear Mrs. Gomes:

This is in response to your request for a Letter of Map Amendment for the property referenced above.

The Federal Emergency Management Agency (FEMA) uses detailed application/certification forms for revision requests or amendments to the National Flood Insurance Program (NFIP) maps. The forms provide step-by-step instructions for requestors to follow, and are comprehensive, ensuring that the requestors' submissions are complete and more logically structured. Therefore, we can complete our review more quickly and at lower cost to the NFIP. While completing the forms may seem burdensome, the advantages to requestors outweigh any inconvenience.

The following forms or supporting data, which were omitted from your previous submittal, must be provided:

- The Elevation Information form (MT-1 Form 2) must be included for all requests, except requests for determinations in which the Flood Insurance Rate Map (FIRM) CLEARLY shows the property and/or structure to be outside of the Special Flood Hazard Area (SFHA). For cases in which the determination for the structure is uncertain, certified elevation data must be submitted in order to provide a definitive determination. This form must be completed by a licensed land surveyor or registered professional engineer. If an Elevation Certificate has been completed for a structure(s), it may be submitted in lieu of this form. The Elevation Certificate must be certified by a licensed land surveyor or registered professional engineer.

Please note that if all of the required items are not submitted within 90 days of the date of this letter, any subsequent request will be treated as an original submittal and will be subject to all submittal procedures.

When you write to us concerning your request, please include the case number referenced above in your letter. All required items for your request are to be either uploaded through the Online LOMC tool, for requests initiated online, or mailed to the Engineering Library, 3601 Eisenhower Ave Ste 500, Alexandria, VA 22304-6426, for requests initiated through the mail.

If you have any questions concerning FEMA policy, or the NFIP in general, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, Engineering Library, 3601 Eisenhower Ave Ste 500, Alexandria, VA 22304-6426.

Sincerely,

A handwritten signature in black ink that reads "Daniel R. Natale". The signature is written in a cursive style with a prominent loop at the end of the last name.

Daniel R. Natale, PMP, CFM
MT-1 Project Director
North Wind Resource Partners

**Please include this sheet with any
correspondence, data, and/or fees
that you send to FEMA for the case
referenced below.**

If you are sending fees please indicate
the amount here: \$ _____

WORCESTER COUNTY, MASSACHUSETTS

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 1.25 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting the form. This collection is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0015). **NOTE: Do not send your completed form to this address.**

This form must be completed for requests and must be completed and signed by a registered professional engineer or licensed land surveyor. **A DHS - FEMA National Flood Insurance Program (NFIP) Elevation Certificate may be submitted in lieu of this form for single structure requests.**

For requests to remove a structure on natural grade OR on engineered fill from the Special Flood Hazard Area (SFHA), submit the lowest adjacent grade (the lowest ground touching the structure), **including an attached deck or garage**. For requests to remove an entire parcel of land from the SFHA, provide the lowest lot elevation; or, if the request involves an area described by metes and bounds, provide the lowest elevation within the metes and bounds description. All measurements are to be rounded to nearest tenth of a foot. In order to process your request, all information on this form must be completed **in its entirety**. **Incomplete submissions will result in processing delays.**

1. NFIP Community Number: _____ Property Name or Address: _____
2. Are the elevations listed below based on **existing** or **proposed** conditions? (Check one)
3. For the existing or proposed structures listed below, what are the types of construction? (check all that apply)
 crawl space slab on grade basement/enclosure other (explain)
4. Has DHS - FEMA identified this area as subject to land subsidence or uplift? (see instructions) Yes No
 If yes, what is the date of the current re-leveling? _____ / _____ (month/year)
5. What is the elevation datum? NGVD 29 NAVD 88 Other (explain)
 If any of the elevations listed below were computed using a datum different than the datum used for the effective Flood Insurance Rate Map (FIRM) (e.g., NGVD 29 or NAVD 88), what was the conversion factor?
 Local Elevation +/- ft. = FIRM Datum
6. Please provide the Latitude and Longitude of the most upstream edge of the **structure** (in decimal degrees to the nearest fifth decimal place):
 Indicate Datum: WGS84 NAD83 NAD27 Lat. . Long. .
 Please provide the Latitude and Longitude of the most upstream edge of the **property** (in decimal degrees to the nearest fifth decimal place):
 Indicate Datum: WGS84 NAD83 NAD27 Lat. . Long. .

Address	Lot Number	Block Number	Lowest Lot Elevation*	Lowest Adjacent Grade To Structure	Base Flood Elevation	BFE Source

This certification is to be signed and sealed by a licensed land surveyor, registered professional engineer, or architect authorized by law to certify elevation information. All documents submitted in support of this request are correct to the best of my knowledge. I understand that any false statement may be punishable by fine or imprisonment under Title 18 of the United States Code, Section 1001.
